This warranty does not apply to the doors or parts themselves as those come with separate warranties from the manufacturers.

GARAGE DOOR REPAIR

If a garage door system fails during the specified warranty period due to defects in workmanship or faulty parts, Precision will repair the system with no charge for workmanship.

This warranty does not cover against faults in the doors or parts themselves. All doors and parts come with separate warranties from the manufacturers. If parts fail while under the manufacturer's warranty, Precision will replace them at no cost to the customer.

How Long Does the "*Precision Done Right! Guarantee*" Last?

The *Precision Done Right! Guarantee* covers all defects in workmanship for up to five years. The length of the guarantee's coverage differs based on the exact products installed and work performed. The exact length of coverage is specified on the first page following the invoice. The warranty begins on the date the installation or repairs are completed. The warranty terminates if

the original customer sells or no longer owns the new or repaired garage door. This warranty cannot be transferred.

What Isn't Covered?

This warranty does not cover against faults in the doors or parts themselves. All doors and parts come with separate warranties from the manufacturers.

If anyone other than an authorized Precision Garage Door technician works on any new or repaired part covered by this warranty, then that part and the workmanship to repair or replace that part are not covered under this warranty.

This warranty does not cover consequential or incidental damages, such as injury or damage to a person or property because a garage door did not operate properly. (Some states do not allow the exclusion or limitation of incidental or consequential damages, so this limitation or exclusion may not apply to you.)

This warranty does not cover problems caused by abuse/misuse of the garage door, civil disturbance, or Acts of God. In addition, it does not cover commercial door installation or repair.
